Re: Seattle City Light
Supplement to Application for Surrender of License
Newhalem Creek Hydroelectric Project No. 2705

Dear Ms. Bose,

Seattle City Light is filing supplemental information to the Application for Surrender of License for the Newhalem Creek Hydroelectric Project (Project No. 2705, Docket P-2705-037) that was filed on January 28, 2021.

The filing consists of a minor correction to Exhibit E (page E-9, Section E.4.2, second to last paragraph, fourth sentence), which was repeated in the Decommissioning Plan (page 7, Section 3.2, second to last paragraph, fourth sentence). The sentence in each of these documents should read: The three-phase electrical service line to the powerhouse and the six poles (three on each side of the river) that support it would remain to provide the power needed for heating and lighting for interpretation and tours.

Should you have any questions regarding this filing, please contact me at 206-684-3496 or the Decommissioning Project Manager, Shelly Adams, at (206) 684-3117.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew Bearlin".
