

## Bonneville Power Administration – Thermostatic Shut-Off Valve (TSV) Qualified Products List

Last updated: 3-28-2022

Effective Date: 4-1-2022

Thermostatic Shut-Off Valve Requirements: A qualified TSV must reduce the showerhead’s flow to a trickle when a water temperature of 95 degrees F (35C) or greater reaches the fixture. The reduced trickle must continue until normal flow is intentionally restored through manipulation of the unit. Once restored, water must flow at its normal rate until being shut off. The unit must automatically re-set itself for the next use.

[If there is a product you believe should be added to this list, please contact BPA’s Residential Programs Team at ResEEprogram@bpa.gov](mailto:ResEEprogram@bpa.gov)

Manufacturer	Model	Product Name	Additional Information	How to Acquire
Evolve	SS1002-CP-xx	Showerstart TSV	Add on TSV can be used with any showerhead.	 <p><b>Contractor and utility sales contact:</b> Alan Work <a href="mailto:alan.work@thinkevolve.com">alan.work@thinkevolve.com</a> 480-215-3061</p> <p><b>Additional Product Information:</b> <a href="http://thinkevolve.com/products">http://thinkevolve.com/products</a></p>
Evolve	EV1003-CP-SB	Showerstart TSV3	Add on TSV can be used with any showerhead.	
Evolve	EV3014-CP150-xx	Showerhead + Showerstart TSV3	1.5 GPM showerhead with built-in TSV, Single Function	
Evolve	EV3011-CP200-xx	Showerhead + Showerstart TSV	2.0 GPM showerhead with built-in TSV, Single Function	
Evolve	EV3011-CP175-xx	Showerhead + Showerstart TSV	1.75 GPM showerhead with built-in TSV, Single Function	
Evolve	EV3011-CP150-xx	Showerhead + Showerstart TSV	1.5 GPM showerhead with built-in TSV, Single Function	
Evolve	EV3021-CP200-xx	Showerhead + Showerstart TSV	2.0 GPM showerhead with built-in TSV, Multi Function	
Evolve	EV3021-CP150-xx	Showerhead + Showerstart TSV	1.5 GPM showerhead with built-in TSV, Multi Function	
Evolve	EV3031-CP200-xx	Handshowers + Showerstart TSV	2.0 GPM showerhead with built-in TSV, Single Function	
Evolve	EV3031-CP150-xx	Handshowers + Showerstart TSV	1.5 GPM showerhead with built-in TSV, Single Function	

Evolve	EV3041-CP200-xx	Handshowers + Showerstart TSV	2.0 GPM showerhead with built-in TSV, Multi Function	 <p><b>Contractor and utility sales contact:</b>  Thomas Kovalak  <a href="mailto:tkovalak@amconservationgroup.com">tkovalak@amconservationgroup.com</a>  509-440-1395</p> <p><b>Additional Product Information:</b>  AM Conservation Catalog -  <a href="http://issuu.com/amconservationgroup/docs/2015_catalog">http://issuu.com/amconservationgroup/docs/2015_catalog</a> or  <a href="http://www.amconservationgroup.com">www.amconservationgroup.com</a></p>
Evolve	EV3041-CP150-xx	Handshowers + Showerstart TSV	1.5 GPM showerhead with built-in TSV, Multi Function	
Niagara	N9820CH	Hot Start 2.0 GPM Showerhead	2.0 GPM showerhead with built-in TSV	
Niagara	N9815CH	Hot Start 1.5 GPM Showerhead	1.5 GPM showerhead with built-in TSV
