How to Join a Webex Hearing – Phone Only

If joining by **phone only**, first dial either 1 (206) 207-1700 or +1 (408) 418-9388. If one phone number is busy, try the other number.

The phone system will ask you to enter the meeting Access Code, then press #. Access codes are listed on the website.

You will then join the meeting. Mute and unmute yourself by dialing *6.
