# **Community Development Block Grant**

# **Department Description**

The federal Community Development Block Grant (CDBG) program provides a major source of funding for community development programs affecting Seattle's low- and moderate-income households and neighborhoods. The City of Seattle makes these investments so all families and individuals can meet their basic needs, share in economic prosperity, and participate in building a safe, healthy, educated, just, and caring community.

Policies and priorities for distributing CDBG funds to community-based organizations are set out in the City's 2009-2012 Consolidated Plan for Housing and Community Development, which is coordinated by the Human Services Department. As required by the U.S. Department of Housing and Urban Development (HUD), the Consolidated Plan outlines funding policies and strategies for CDBG funds, as well as for Housing Opportunities for Persons with AIDS (HOPWA), the HOME Investment Partnership (HOME), and the Emergency Shelter Grant (ESG) Program. The Consolidated Plan, a four-year document, is updated annually. Policy decisions in the 2009-2012 Consolidated Plan, as amended, are reflected in the 2010 Proposed Budget.

The 2010 Proposed Budget estimates the amount of CDBG dollars the City anticipates to be available, anticipates appropriations of these funds, and makes specific CDBG proposals for certain City programs in the Human Services Department, Office of Economic Development, and Office of Housing. Final CDBG program allocations are subject to the appropriation levels set by the U.S. Congress and implemented by HUD.

## **Proposed Policy and Program Changes**

The 2010 Proposed Budget reflects an anticipated increase in CDBG funding based on the assumption that the City's 2010 CDBG entitlement will be \$13 million. As a result, the Budget increases funding to the Multifamily Production and Preservation program to develop low-income housing, and increases funding to the Homeless Intervention and Block Grant Administration program to fund emergency shelter and supportive services related to rapid re-housing activities.

The 2010 Proposed Budget reduces funding to the Multifamily Production and Preservation program and the HomeWise and Homeownership program due to an anticipated reduction in program income.

CDBG funds received through the federal American Recovery and Reinvestment Act were fully appropriated in 2009, and will carry forward until funds are fully spent. As a result, these funds do not appear in the budget document.

### **Department of Parks and Recreation Budget Control Level**

#### **Purpose Statement**

The purpose of the Department of Parks and Recreation Budget Control Level is to mitigate neighborhood decay and vandalism and preserve the quality of life within the city, promote long-term economic and social viability of the community, and provide empowerment and self-sufficiency opportunities for low-income people.

Due to funding reductions in the CDBG program from the federal government, CDBG funding for this Budget Control Level was eliminated in 2007. The 2008 Actuals represent expenditure of residual funds from prior years. General Fund is provided in the Department of Parks and Recreation's operating budget to provide training opportunities for low-income, homeless, and other at-risk residents to make minor capital improvements in low-income area parks as part of the Conservation Corps program.

## **Human Services Department Budget Control Level**

#### **Purpose Statement**

The purpose of the Human Services Department Budget Control Level is to find and fund solutions for human needs so low-income, vulnerable residents in greater Seattle can live and thrive. HSD contracts with community-based human service providers and administers programs to see that residents of Seattle and King County have access to homeless shelters, transitional housing, and other emergency services.

# **Human Services Department: Homeless Intervention and Block Grant Administration**

#### **Purpose Statement**

The purpose of the Homeless Intervention and Block Grant Administration Program is to provide facility renovations for community-based organizations, and to provide homeless intervention and prevention services to low-income and homeless people so they can become self-sufficient.

CDBG funds support the City's continuum-of-care model by providing a number of emergency and stabilization programs including, but not limited to, emergency shelter and transitional housing for homeless single men, women, and families; hygiene services; housing counseling; and rent assistance. CDBG also supports emergency housing options for victims of domestic violence.

#### **Program Summary**

Increase CDBG funding by approximately \$171,000 for shelter programs and supportive services related to rapid re-housing activities.

# **Human Services Department: Leadership and Corporate Services Purpose Statement**

The purpose of the Leadership and Corporate Services Program is to provide administration, planning, and technical assistance to City departments and community-based organizations to implement CDBG-funded programs efficiently and effectively.

CDBG funds support the City's planning and grant administration functions to ensure compliance with all applicable federal regulations.

#### **Program Summary**

There are no substantive changes from the 2010 Endorsed budget to the 2010 Proposed Budget.

# Office of Housing: Multifamily Production and Preservation Purpose Statement

The purpose of the Multifamily Production and Preservation Program is to acquire, develop, rehabilitate, and maintain affordable multifamily rental housing so the supply of housing for Seattle residents increases and affordability remains sustainable.

#### **Program Summary**

Increase budget by approximately \$513,000 to develop low-income housing.

Reduce budget by \$450,000 to reflect an anticipated decrease in related program income.

These changes result in a net program increase from the 2010 Endorsed Budget to the 2010 Proposed Budget of approximately \$63,000.

#### **Department Description**

The Educational and Developmental Services Levy (more commonly known as the Families and Education Levy), approved by voters in 2004, levies \$116 million over seven years for school- and community-based programming that helps ensure Seattle's children and youth are safe, healthy, ready to learn, and successful in school. This programming also helps to strengthen parent, school, and community partnerships that support children and youth. The Department of Neighborhoods' Office for Education administers the Levy. Implementing departments are the Department of Neighborhoods, Human Services Department, Department of Parks and Recreation, and the Seattle Police Department.

The 2004 Families and Education Levy continues to chart a new direction for Seattle's families and children and focuses resources on improving the academic achievement of Seattle Public School students. Highlights 5include:

- A pre-school program for 4-year-old children that addresses the achievement gap before it can take root;
- Family involvement programs that strengthen the community around each child by helping parents help their children:
- Before- and after-school programs that are specifically tied and targeted to improving a child's school performance; and
- Programs serving youth at risk of dropping out of schools, and middle and high school health centers run by community health organizations.

Each Levy program is tied to improving academic success. To that end, each program has specific goals to measure progress and effectiveness in reducing the achievement gap. The Office for Education (OFE) publishes annual reports detailing program targets adopted by the Levy Oversight Committee (LOC) and program results.

# **Proposed Policy and Program Changes**

The 2010 Proposed Budget shifts funds from the Out-of-School Time Budget Control Level to the Middle School Support Budget Control Level to be consistent with a change made by the Levy Oversight Committee (LOC) in 2007.

The Crossing Guard program continues to be funded through December 2010.

## **Middle School Support Budget Control Level**

#### **Purpose Statement**

The purpose of the Middle School Support Budget Control Level is to provide early intervention services to middle school students to improve their ability to achieve academically and to complete school.

#### **Summary**

Transfer in \$365,000 from the Out-of-School Time Program to continue the programmatic changes implemented by Levy Oversight Committee (LOC) during 2007-2009. These changes result in increased investment in five "Innovation Sites" at Aki Kurose, Denny, Madison, Mercer, and Hamilton Middle Schools; and allow for greater focus on the lowest performing schools, which results in setting higher academic achievement targets in these schools.

This results in a net program increase from the 2010 Endorsed Budget to the 2010 Proposed Budget of approximately \$365,000, reflecting a transfer of funds from the Out-of School Time Program.

#### **Department Description**

The mission of the Human Services Department (HSD) is to connect people with resources and solutions during times of need so we can all live, learn, work, and take part in strong, healthy communities. HSD contracts with more than 230 community-based human service providers and administers programs to ensure Seattle residents have food and shelter, productive education and job opportunities, adequate health care, opportunities to gain social and economic independence and success, and many more of life's basic necessities. HSD staff are committed to working with the community to provide appropriate, culturally relevant services.

HSD's investments are directed toward ensuring all people have food to eat and a roof overhead; supportive relationships within families, neighborhoods, and communities; a safe haven from all forms of violence and abuse; health care to be as physically and mentally fit as possible; and the education and job skills needed to lead an independent life.

To accomplish these goals, the department is organized into the following divisions encompassing a continuum of care for the neediest populations:

- Aging and Disability Services
- Domestic Violence and Sexual Assault Prevention
- Early Learning and Family Support
- Homeless Intervention and Block Grant Administration
- Leadership and Administration
- Youth Development and Achievement

## **Proposed Policy and Program Changes**

The 2010 Proposed Budget preserves key human services programs, particularly for Seattle's most vulnerable residents.

Though overall reductions are necessary to balance the City's General Fund, the 2010 Proposed Budget adds funding to expand the PeoplePoint initiative, which connects low-income residents to numerous public benefits for which they are eligible. Funds will be used to implement a web-based benefit portal, which will allow city residents to apply for multiple benefits with one phone call. This work will be done in partnership with the State of Washington, ensuring that customers have coordinated access to city, state, and federal benefits.

Due to the federal American Recovery and Reinvestment Act, the 2010 Proposed Budget adds funding in the areas of homelessness prevention and domestic violence prevention. The City received funds through the Homelessness Prevention and Rapid Re-Housing Program, a three-year effort that will provide housing stability to families and individuals who are homeless or at risk of becoming homeless. As of the time of this printing, the City is awaiting the decision on one additional federal stimulus grant that would provide advocacy services for prostituted youth.

The Seattle Youth Violence Prevention Initiative remains fully funded in the 2010 Proposed Budget. All funds related to the initiative City-wide are centralized in the 2010 Proposed Budget for the Department of

Neighborhoods to facilitate coordinated management. These funds will continue to provide a strategic set of services to high-risk youth, including case management, family support, employment, and anger management.

To assist in balancing the overall General Fund budget, the 2010 Proposed Budget reduces funding in a number of areas. The Department engaged in a span of control analysis and identified administrative savings, which results in several position abrogations. The Proposed Budget eliminates inflationary increases for community-based organizations in 2010, and reduces funding for three healthy aging programs as a result of identifying potential non-City funding for these programs. Funding for the following programs is reduced or eliminated: policy advocacy, client advocacy, training to providers, technical assistance to non-profit organizations, a volunteer companion program for seniors, and Reinvesting in Youth. Additional savings are realized by creating efficiencies in the community-based support systems for food banks and meal programs.

Finally, funding for the public toilet program is removed to reflect last year's City Council decision to remove automated public toilets. Funding is continued to maintain five currently operating portable toilets in the city.

#### **Public Health Services**

### **Public Health Services Budget Control Level**

#### **Purpose Statement**

Beginning in 2005, all funding previously directed to Public Health - Seattle and King County was moved to the Human Services Department (HSD). To reduce administrative costs and see that its public health investments are consistent with City policy direction, the City enters into outcome-based contracts with community-based agencies, Public Health, and the King County Department of Community and Human Services for services. HSD advises the City on public health policy, manages health-related contracts, and serves as a regional liaison to Public Health - Seattle and King County.

Public health services currently supported by City funds are:

- Primary care medical, dental, and specialty services, and access to health insurance for at-risk and vulnerable populations;
- Health care for teens in Seattle's public schools;
- Health care for homeless individuals and families;
- HIV/AIDS prevention and care programs;
- Programs to provide access to chemical and dependency services;
- Programs to reduce the disparities in health among the Seattle population; and
- Public health nursing care home visits to give mothers and babies a healthy start in life.
