#### **Proposed: Redesign of Fortson Square including removing of existing vegetation and trees lighting and paving installing new trees vegetation lighting and paving and artwork**

Staff report: The Board last saw this project in Sept of 2023. The Board supported the proposal. The Alliance for Pioneer Square and the Chief Seattle Club were stakeholders in the project planning. The Board has received several briefings about the project. The Board supported the design, tree removal which also allowed for rat remediation and because cumulatively there will be more vegetation. They recognized that the design goals for making this a more usable space could not be achieved without the tree removal. They determined that Fortson Square had no historic resources and supported the decommissioning of the art installation. The Board recognized that the light fixtures were remakes of early gas lights used in area, did not supply sufficient light, and some did not function therefore the Board supported the idea of using the same light fixture in Occidental Park. The Board appreciated the ADA access and to welcome and celebrate Salish peoples and cultures and the history of the Pioneer Square area as a gathering place since time immemorial. The Grandmother Frog Welcome Figure by artist Andrea Wilbur-Sigo to be located at the corner of Yesler and 2<sup>nd</sup> Ave Ext was approved and is a separate but coordinated project.
