OIG Certification Memo

OIG has reviewed the investigation for case number 2023OPA-0156. The investigation is certified as thorough, timely, and objective.

NOTE: During OIG's review of this case, it was noted the Complainant made a clear allegation of bias against the NE which OPA did not identify. OIG highlighted this missed allegation for OPA during certification. OIG made no assertion the NE acted out of bias, only that the Complainant made the allegation and OPA had not addressed it.

Respectfully,

Mary Prang
