

A.B. ERNST PARK REVIEW DESIGN AND PROVIDE INPUT

Please join Seattle Parks and Recreation's project manager and Site Workshop landscape architects to provide feedback on the schematic design for the expansion of A.B. Ernst Park. We encourage families, neighbors and Fremont supporters to attend.

Seattle Parks and Recreation is expanding A.B. Ernst Park located at 719 N 35th Street, next to the Fremont Branch Library. This project will provide access for people with disabilities and improve safety and other features at the park. Funding for this park expansion is provided by Seattle Park District.

Thank you to all who participated in our previous events. We incorporated your input into the plan for the park and encourage you to come to the final meeting for this park project.
