

WE NEED YOUR INPUT!

B.F. DAY PLAYGROUND PLAY AREA RENOVATION

Seattle Parks and Recreation wants your input on the B.F. Day Playground Play Area Renovation project. Join us at two upcoming meetings. At the first meeting help pick out play area equipment and provide input on the design. This input will be incorporated into the preferred schematic design that we will present at the second meeting.

The play equipment will include play structures and seating for children of all abilities ages 2 to 12.

The play area renovation will replace play equipment and improve the adjacent picnic area. This includes replacing the drinking fountain and accessibility improvements in compliance with the Americans with Disabilities Act (ADA) and national safety standards.

COMMUNITY MEETINGS All are encouraged to attend, light refreshment will be served.
