

Be'er Sheva Park Phase II Renovations Help Shape Your Park! Input Needed!

Seattle Parks and Recreation invites the community to provide input on the future design for the next phase of renovations at Be'er Sheva Park. This event is an opportunity for the community to meet the project team, review the four play area design options shaped by community feedback, and explore the urban farm.

Please Join Us
SATURDAY, FEBRUARY 8
11:00 A.M. TO 1 P.M.

Rainier Beach Urban Farm and Wetlands, 5513 S Cloverdale St.

We encourage the community to participate!
Take this short survey and let us know your
favorite play area option:

Phase II Renovations will focus on renovating the play area and installing a new accessible path with a fitness zone. To welcome community gatherings, the design will incorporate new site furnishings, including picnic tables/benches, barbecues, bike racks, and other park elements. As budget allows, this project may include other related improvements to enhance safety, accessibility, and natural areas.

Be'er Sheva Park is located in southeast Seattle on the shores of Lake Washington at 8650 55th Ave S.
