You are Invited to Review the Draft Aquatic Vegetation Management Plan for Green Lake

Since early 2024, a consultant team has been working on an Integrated Aquatic Vegetation Management Plan (IAVMP) for the lake. Development of the plan has been in coordination with a stakeholder group composed of state, county and local aquatic resources staff. In June, the first public meeting was held where the project was presented and to collect comments.

This meeting will present the draft plan, including key elements and future steps. The final plan will be completed by December 2024.

**NOVEMBER 20, 2024
6-7:30 PM**

**THE HEARTHSTONE AT GREEN LAKE, CHAPEL
6720 E GREEN LAKE WAY N, SEATTLE, WA 98103**
