

FIX IT FIRST

LINCOLN PARK SOUTH PLAY AREA RENOVATIONS

We need your input! Seattle Parks and Recreation is installing new play equipment and improving the accessibility at the Lincoln Park South Play Area. Please join Seattle Parks and Recreation's Planner, Project Manager and Sr. Landscape Architect at The Kenney to discuss ideas about the design and provide input on new play equipment.

We are hosting two meetings to inform you about the project and gather your input. The first meeting will be an opportunity to learn about the project and provide input on play equipment and the overall design for the play area. The second meeting will be an opportunity to review the preferred design and provide input on any final changes that may be desired.

Additionally, we have a survey online [Survey closed](#)

The Lincoln Park South Play area is located in Lincoln Park 8011 Fauntleroy Way SW, Seattle, WA 98136 near the south parking lot. This project will replace play equipment, provide access improvements and improve other features at the park. The scope for the project provides improvements to bring the play area into compliance with current play area safety standards and Americans with Disabilities Act (ADA) access.

Funding for this park improvement is provided by the Seattle Park District.

PLEASE BRING YOUR CHILDREN. LIGHT SNACKS AND ACTIVITIES WILL BE AVAILABLE. PLEASE STOP BY!
