

WE NEED TO HEAR FROM YOU!

We need your input! Seattle Parks and Recreation is renovating Soundview Playfield. Please join Seattle Parks and Recreation's Planner and Project Manager to learn about the project and provide input on the preferred design elements for the playfield.

The proposed project will include installation of synthetic field surfacing, the addition of lighting, access improvements that meet the Americans with Disabilities Act regulations, and other site enhancements. These upgrades will address recreational demands and repair field drainage issues.

Seattle Parks and Recreation is investing in state of the art synthetic turf systems that provide safe, playable, and durable fields. Additionally, we are investing in high quality energy-efficient field lighting which minimizes spill light and glare off the field while providing recreation light on the field.

We will have a tent at the park near the play area with light refreshments and activities for children. All are encouraged to attend and participate in design.

Funding for this project is provided by the Seattle Park District.

**THE OPEN HOUSE WILL BE HELD AT THE
PLAYFIELD NEAR THE PLAY AREA**

**SATURDAY, JUNE 3, 2017
1 P.M.-3 P.M.**

LOCATION: SOUNDVIEW PLAYFIELD, 1590 NW 90TH STREET, 98117
