

CONSTRUCTION NOTICE

Construction begins on the Denny Way Paving Project as soon as March 26

As soon as Wednesday, March 26, 2025, crews will begin work on the Denny Way Paving Project. The project will restore the pavement condition in this critical piece of Downtown Seattle.

Construction will create short-term changes to your area:

- You may notice noise, dust, smell, and vibrations.
- You may need to change your walking route while we work on sidewalks, but we will provide signage for you to follow.
- Your business matters to us and we will provide advance notification of work and any impacts in person and provide you with a direct contact for questions. We will maintain access to business at all times.
- You'll notice work between 7 PM to 6 AM. Monday-Friday with some daytime and possible weekend work when needed.
- Some of your parking and loading areas may shift near work zones but we are working at night to reduce these impacts.
- If you are traveling along Denny Way, you may need to switch lanes around work areas. Signage will guide you on your journey.

The Levy to

MOVE SEATTLE

OVERVIEW

Construction begins on the Denny Way Paving project as soon as March 26. The project, located on Denny Way from approximately 5th Ave to Stewart Ave and on Yale Ave from Denny Way to Howell St, aims to improve mobility while enhancing the overall travel experience for residents and commuters alike. The project includes: 12 blocks of asphalt paving, 8 new and 21 rebuilt curb ramps and 8 new curb ramps, 28 no turn on red signs, 25 painted stop bars, 8 new curb bulbs, sidewalk improvements, and bus stop changes.

WHAT TO EXPECT DURING CONSTRUCTION

One lane in each direction will remain open on Denny Way at all times during the project construction. We do not expect to have detours off of Denny Way. The contractor plans to have active construction zones on Denny Way covering a few blocks at a time. The zone closures are expected to last 2-3 weeks each.
