

# PERMANENT HEALTHY STREET COMING SOON!

## Safety Enhancements on Aurora-Licton Springs Healthy Street

### Traffic Diversion Planned for Fremont Ave N at N 105th St!

SDOT has designed **additional safety enhancements** for people walking and biking along the Healthy Street at the intersection of **Fremont Ave N and N 105th St**. The enhancements will include:

- New medians on the north and south sides of Fremont Ave N with cut-throughs for people biking
- Restricting vehicle turns from N 105th St onto Fremont Ave
- Maintaining existing left and right turn only restrictions for vehicles on Fremont Ave N at N 105th St

We designed these enhancements to further **improve safety for people walking and biking** along the Aurora-Licton Springs Healthy Street, **discourage high speed vehicle traffic** along the Healthy Street, and **improve access to the Interurban Trail**.

## Aurora-Licton Springs Healthy Street

- We will install permanent Healthy Street features on the Aurora-Licton Springs Healthy Street over 2024 and 2025.
- We expect to install the following segments **as soon as summer 2024**:
  - **Fremont Ave N** (from N 87th St to N 110th St)
  - **N 100th St** (from 1st Ave NW to Linden Ave N)
- We will then install the remaining segments **in 2025**:
  - **Ashworth Ave N** (from N 92nd St to N 100th St)
  - **N 100th St** (from Stone Ave N to College Way N)
- As part of the permanent Healthy Street, we've designed **safety improvements at six different intersections!** Please visit our website to learn more about the planned designs.
