23RD AVE E VISION ZERO PROJECT

The Seattle Department of Transportation (SDOT) is enhancing safety and mobility on 23rd Ave E/24th Ave E between E Madison St and E Roanoke St as part of our Vision Zero efforts to reach zero traffic deaths and serious injuries by 2030. This important street provides access to the Montlake neighborhood, SR 520, and the Montlake Bridge crossing into north Seattle and is a vital street for transit.

underway near you!**

23RD AVE E VISION ZERO PROJECT

PROJECT ELEMENTS

We're enhancing safety and mobility on 23rd Ave E and 24th Ave E between E Madison St and E Roanoke St as part of our Vision Zero efforts to reach zero traffic deaths and serious injuries by 2030.

Project elements include:

- Sidewalk repairs
- New curb ramps, marked crosswalks, and traffic signals
- Bus stop enhancements

UPCOMING WORK

Crews began sidewalk work on 23rd Ave E and 24th Ave E between E Republican St to E Newton St in late October. Work will continue over the coming weeks and will include demolition and reconstruction of the sidewalk, improvements to bus stops, utility work, and landscaping. Some bus stops will be temporarily closed or relocated while this work is underway.

There will be temporary impacts to driveway and/or walkway access on 23rd Ave E and 24th Ave E. Access via alleys will be maintained at all times. Access via 23rd Ave E and 24th Ave E will be limited to emergency use only.

Impacts to individual properties are expected to last just a few days and we will contact you if additional impacts are anticipated at your property. If you have any concerns about accessing your property during the work, please contact us.

WHAT TO EXPECT DURING CONSTRUCTION

- Weekday work hours from 7 AM - 5 PM with occasional nighttime and weekend work
- Noise, dust and vibrations during work hours
- Temporary sidewalk and crossing closures and detours
- Temporary impacts to driveway and walkway access
- Temporary bus stop relocations
- Construction equipment staging in project area
